PROFESSIONAL PROFILE

A passionate and enthusiastic 3D modeler from Mexico City looking for opportunities to develop my skills. Specialized in modeling of environment and props, as well as experienced in video editing and graphic design.

EDUCATION

Multimedia Design, Bachelor Degree
Anahuac Mexico | August 2017- December 2021

- Learned the design basics, 3D animation fundamentals and video production.
- On 8th semester I collaborated with other designers for a campaign creation for "Amnesty International Organization", creating the 3D interactive spaces pre-visualization, posters and Web desing
- Worked on the production for the documentary short "Un Lugar Oscuro", achieving an honorable mention by the "Shorts México" festival and projecting the short in theaters.

3D Animation & Visual Effects
Vancouver Film School | January 2022 - December 2022

- Specialization in 3D modeling focused on environments, props and texturing.
- Worked on a short film modeling and texturing the environments and props, collaborating with other modelers, animators and compositors.
- Maintained a high professionalism level in all of my projects, focusing on a positive and team-oriented work environment.

EXPERIENCE

Freelance
Virtus Company | 2020

- Worked on modeling Props for a showcase of a store and Photoshop texture fixing for the branding

Private Clients | 2020 - to date

- Worked on the design of a Corporate Identity (logo variations, posters, and showcase), and website design.
- Worked on the editing of videos and the design of posts for social media.
